

Youth Art Month In Vermont

BE THE CHANGE

**Join VAEA in exhibiting your student art on the open-ended theme of
Be The Change for Youth Art Month this March**

This is our yearly chance to let our students' amazing art take center stage as it shares their visions for the future and advocates for arts education. Our theme this year BE THE CHANGE is concerned with student voices and their visions about how we can creatively imagine a better world. Are their pieces concerned with the environment or relationships closer to home? Do they want to spread kindness to others, take care of other creatures, or clean up the ocean? Help us communicate those visions by participating in one of our YAM exhibits!
